

K-LOVE radio is the only station in my area that provides me with the adult contemporary music style that I listen to. It also provides me with up to date information about local, regional and national news and information that is of interest to me and my community. As a member of the Christian community in our area I know that this station is used by many others for this same purpose and as a result, greatly serves the public interest. There are no other stations that currently provide these services to our community. Any reduction or loss of K-LOVE radio's service and positive influence would adversely affect our community. Do not allow Low Power FM stations to take priority over current FM translator services such as K-LOVE.
